1 based on such qualified data and information,
2 and such safeguards may include a requirement
3 that a qualified researcher delete qualified data
4 and information after completion of a qualified
5 research project, however any such safeguard
6 must provide the qualified researcher the ability
7 to retain enough information about the quali-
8 fied data and information to allow the re-
9 searcher or their peers to recreate the qualified
10 research project upon request to, and approval
11 from, the NSF and Commission pursuant to

21 tutional review board review;

22 (5) provide a platform the opportunity to com-
23 ment on and appeal the approval of a qualified re-
24 search project for which the platform is required to

2 and Commission on the grounds that—

3 (A) the platform cannot provide the quali-
4 fied data and information;

5 (B) providing access to the qualified data
6 and information would lead to significant
7 vulnerabilities in the security of the platform's
8 service or user privacy; or

9 searcher, no government entity may seek access to such
10 qualified data and information from the qualified re-
11 searcher.

12 (g) RESEARCHER CONSORTIA.—The Commission and
13 NSF shall establish procedures and necessary safeguards

20 user, including through a browser extension or
21 plug-in, where the donation is in connection
22 with the project and with the user's explicit
23 consent; and

24 (C) the creation or use of research ac-
25 counts;

1 (2) defining “covered information,” which

7 (B) information about ads shown on the
8 platform, including the ads themselves, the ad-
9 vertiser’s name and disclosure string, and infor-
10 mation the platform provides to users about
11 how an ad was targeted; and

13 collection of which the Commission determines,
14 consistent with paragraph (3), will not unduly
15 burden user privacy;

16 (3) defining “reasonable measures to protect
17 the privacy of the platform’s users” under sub-
18 section (a)(3), including by specifying the measures
19 that must be taken to—

20 (A) avoid the collection and retention of
21 non-public information that would readily iden-
22 tify a user without that user’s consent;

23 (B) prevent the theft and accidental disclo-

3 general public about matters of public concern;
4 and

5 (D) restrict the publication or other disclo-
6 sure of any data that would readily identify a

22 plish the purposes of this section.

23 (d) REPORTING.—In December of each calendar year
24 beginning with calendar year 2023, the Commission shall
25 require each operator of any platform to submit an annual

1 report to the Commission that addresses whether the
2 measures prescribed under subsections (b)(3) and (b)(4)
3 of this section are adequately protecting the platform’s
4 users.

5 (e) DEFINITION OF RESEARCH ACCOUNT.—For pur-
6 poses of this section, the term “research account” means
7 an account on a platform that is created and used solely
8 for the purposes of a news-gathering or research project
9 that meets the requirements of subsection (a) and for no
10 longer than is necessary to complete such project.

11 **SEC. 10. RULEMAKING AUTHORITY.**

12 (a) ADDITIONAL REPORTING REQUIREMENTS.—

13 (1) IN GENERAL.—In consultation with the
14 NSF, the Commission may, in accordance with sec-
15 tion 553 of title 5, United States Code, and subject
16 to subsection (g), issue regulations that require plat-
17 forms to make available to qualified researchers
18 data, metrics, or other information that the Commis-
19 sion determines will facilitate independent research
20 in the public interest into activity on platforms.

21 (2) FACTORS.—In exercising its authority
22 under this subsection, the Commission shall consider
23 the extent to which disclosures under this subsection
24 may facilitate collaboration amongst qualified re-
25 searchers and alleviate burdens on platforms and

1 qualified researchers as compared to qualified re-
2 search projects conducted pursuant to section 3.

3 (3) FORM AND FREQUENCY; RETENTION OF IN-
4 FORMATION.—The Commission shall specify in the
5 regulations the required form and frequency of re-
6 porting or disclosures, as well as how long informa-

8 require the information be provided in a form that
9 is accessible for analysis by qualified researchers,
10 such as through an application programming inter-
11 face.

12 (4) CONSULTATION.—The Commission shall
13 further consult with the National Institutes of
14 Health and other relevant government agencies, as
15 appropriate, in exercising its authority under this
16 subsection.

17 (5) APPLICABILITY OF PRIOR SECTIONS.—The
18 Commission shall establish privacy and cybersecurity
19 safeguards applicable to platforms and qualified re-
20 searchers for data made available to qualified re-
21 searchers under this section in the manner described
22 in section 3 for data made available under that sec-
23 tion. The obligations and immunities for platforms
24 and qualified researchers described in sections 4 and
25 5 shall apply to data disclosed to qualified research-

1 ers under this section, and the provisions of section
2 7 may be invoked to enforce this section.

3 (b) TRANSPARENCY OF CERTAIN CONTENT AND
4 USER ACCOUNTS.—

5 (1) IN GENERAL.—Not later than 1 year after
6 the date of enactment of this Act, the Commission
7 shall, in accordance with section 553 of title 5,
8 United States Code, and subject to subsection (g),
9 issue regulations to require platforms to make avail-
10 able to the public on an ongoing basis, in a specific
11 section of their online interface, through a search-
12 able and reliable tool that allows multicriteria que-
13 ries and through application programming inter-
14 faces, a repository containing information regarding
15 reasonably public content on the platform that—

16 (A) has been highly disseminated; or

17 (B) was originated or spread by major
18 public accounts.

19 (2) DISCLOSURE OF PUBLIC CONTENT
20 SAMPLINGS.—The regulations issued under para-
21 graph (1) shall further require platforms to disclose
22 on an ongoing basis statistically representative
23 samplings of reasonably public content, including, at
24 a minimum, a sampling that is weighted by the
25 number of impressions the content receives.

1 (3) REQUIRED INFORMATION.—The informa-
2 tion required to be disclosed about content described
3 in paragraphs (1) and (2) shall include, as appro-
4 priate—

5 (A) the user-generated content itself, in-
6 cluding any text, images, videos, links, and key-
7 words;

8 (B) platform-generated content displayed
9 in connection with the user-generated content,
10 including any dates, labels, disclaimers, or
11 metrics;

12 (C) metrics about the extent of dissemina-
13 tion of or engagement with the content, includ-
14 ing the number of impressions, reach, and en-
15 gagements;

16 (D) information about the extent to which
17 the content was recommended, amplified, or re-
18 stricted by platform algorithms or policies;

19 (E) reasonably public information about
20 the user accounts responsible for the content;
21 and

22 (F) public uniform resource locators that
23 uniquely link to the content and identify related
24 materials such as the parent content, replying
25 content, and cross-posted content.

1 (4) HIGHLY DISSEMINATED CONTENT.—As part
2 of the regulations issued under paragraph (1), the
3 Commission shall define “highly disseminated” ac-
4 cording to metrics that the Commission deems ap-
5 propriate (which may include engagement, views,
6 reach, impressions, or other metrics), provided that
7 a piece of content must have been viewed by at least
8 10,000 unique users to qualify.

9 (5) MAJOR PUBLIC ACCOUNTS.—As part of the
10 regulations issued under paragraph (1), the Com-
11 mission shall define “major public accounts” as it
12 deems appropriate, provided that, at a minimum,
13 “major public accounts” are restricted to reasonably
14 public accounts whose content is followed by at least
15 25,000 users or otherwise regularly reaches at least
16 25,000 users per month.

17 (6) TREATMENT OF CONTENT THAT HAS BEEN
18 REMOVED.—The regulations described in paragraph
19 (1) shall provide guidance regarding disclosure of
20 content that is removed by the user or platform sub-
21 sequent to its dissemination.

22 (7) FREQUENCY.—To the extent practicable,
23 the Commission shall require this information to be
24 updated so as to provide a real-time understanding
25 of the content described in paragraphs (1) and (2).

1 (c) TRANSPARENCY OF ADVERTISING.—

2 (1) IN GENERAL.—Not later than 1 year after
3 the date of enactment of this Act, the Commission
4 shall, in accordance with section 553 of title 5,
5 United States Code, and subject to subsection (g),
6 issue regulations to require platforms to disclose on
7 an ongoing basis information regarding advertising
8 on the platform. These regulations shall require
9 platforms to compile and disclose publicly in a spe-
10 cific section of their online interface, through a
11 searchable and reliable tool that allows multicriteria
12 queries and through application programming inter-
13 faces, a repository containing the information re-
14 ferred to in paragraph (2), for the entire period dur-
15 ing which they present an advertisement and until
16 one year after the advertisement was presented for
17 the last time on their online interfaces. Platforms
18 shall ensure that the repository does not contain any
19 personal data of the recipients of the service to
20 whom the advertisement was or could have been pre-
21 sented.

22 (2) INFORMATION REQUIRED.—The information
23 required to be included in the repository required
24 under paragraph (1) shall include at least all of the
25 following information:

1 (A) The content of the advertisement, in-
2 cluding the name of the product, service or
3 brand and the subject matter of the advertise-
4 ment.

5 (B) The natural or legal person on whose
6 behalf the advertisement is presented.

7 (C) The natural or legal person who paid
8 for the advertisement, if that person is different
9 from the person referred to in subparagraph
10 (B).

11 (D) The period during which the advertise-
12 ment was presented.

13 (E) Whether the advertisement was in-
14 tended to be presented specifically to one or
15 more particular groups of recipients of the serv-
16 ice and if so, the main parameters used for that
17 purpose including where applicable the main pa-
18 rameters used to exclude one or more of such
19 particular groups.

20 (F) The total number of recipients of the
21 service reached and, where applicable, aggregate
22 numbers broken down by group or groups of re-
23 cipients that the advertisement specifically tar-
24 geted.

1 (G) Information about the extent to which
2 the advertisement was recommended, amplified,
3 or restricted by platform algorithms or policies.

4 (3) TREATMENT OF REMOVED ADS.—The regu-
5 lations described in paragraph (1) shall provide
6 guidance regarding disclosure of ads that are re-
7 moved by the user or platform subsequent to its dis-
8 semination.

9 (4) FREQUENCY.—To the extent practicable,
10 the Commission shall require this information to be
11 updated so as to provide a real-time understanding
12 of the content described in paragraph (2).

13 (d) TRANSPARENCY OF ALGORITHMS AND COMPANY
14 METRICS AND DATA.—

15 (1) IN GENERAL.—Not later than 1 year after
16 enactment of this Act, the Commission shall, in ac-
17 cordance with section 553 of title 5, United States
18 Code, and subject to subsection (g), issue regula-
19 tions to require platforms to report publicly on their
20 use of recommender or ranking algorithms and
21 metrics.

22 (2) REQUIRED INFORMATION.—The reporting
23 required under paragraph (1) shall be at least semi-
24 annual and include, as appropriate—

1 (A) a description of all consumer-facing
2 product features that made use of recommender
3 or ranking algorithms during the reporting pe-
4 riod;

5 (B) a summary of signals used as inputs
6 to the described recommender or ranking algo-
7 rithms, including an explanation of which rely
8 on user data, an explanation of the types of
9 user data relied upon, and ranked based on the
10 significance of their impact on the algorithms'
11 outputs;

12 (C) a summary of the processes or pre-
13 dictions used by the platform to assess the sig-
14 nals incorporated into the recommender or
15 ranking algorithm and to score or rank content
16 (such as predictions of future user engage-
17 ment), ranked based on the significance of their
18 impact on the algorithms' outputs;

19 (D) a summary of the optimization objec-
20 tives of the described recommender or ranking
21 algorithms;

22 (E) a summary of metrics calculated by
23 the platform to assess product changes or new
24 features, or as a basis to assess performance or
25 calculate employee or executive compensation,

1 with an assessment of their relative importance
2 in company decision-making;

3 (F) significant changes during the report-
4 ing period from the last report; and

5 (G) other information about the rec-
6 ommender or ranking algorithms that the Com-
7 mission deems appropriate.

8 (3) IMPLEMENTATION.—In implementing this
9 section, the Commission shall ensure that the report-
10 ing is useful and actionable while ensuring that plat-
11 forms are not required to disclose trade secrets.

12 (e) TRANSPARENCY OF CONTENT MODERATION AND
13 VIOLATING CONTENT.—

14 (1) IN GENERAL.—Not later than 1 year after
15 the date of enactment of this Act, the Commission
16 shall, in accordance with section 553 of title 5,
17 United States Code, and subject to subsection (g),
18 issue regulations to require platforms to report on
19 an ongoing basis information regarding content
20 moderation and content violating platform policies.

21 (2) REQUIRED INFORMATION.—The informa-
22 tion required to be disclosed under paragraph (1)
23 shall include, as appropriate—

1 (A) statistics regarding the amount of con-
2 tent that the platform determined violated its
3 policies, broken down by—

4 (i) the violated policy;

5 (ii) the action taken in response to the
6 violation;

7 (iii) the methods the platform used to
8 identify the violating content (such as arti-
9 ficial intelligence, user report, human mod-
10 erator review, or other means);

11 (iv) the extent to which the content
12 was recommended, amplified, or restricted
13 by platform algorithms or policies; and

14 (v) geographic and demographic fac-
15 tors as the Commission deems appropriate;

16 (B) statistics regarding the number of
17 times violating content was viewed by users and
18 the number of users who viewed it;

19 (C) estimates by the platform about the
20 prevalence of violating content (including as
21 measured by the number of impressions of vio-
22 lating content), broken down by—

23 (i) the violated policy;

24 (ii) geographic and demographic fac-
25 tors; and

1 (iii) other factors the Commission
2 deems appropriate; and

3 (D) the number of orders received from
4 governmental authorities, categorized by the
5 type of illegal content concerned, and the aver-
6 age time needed for taking the action specified
7 in those orders.

8 (f) DATA DICTIONARIES.—Not later than 1 year
9 after the date of enactment of this Act, the Commission
10 shall, in accordance with section 553 of title 5, United
11 States Code, and subject to subsection (g), issue regula-
12 tions to require platforms to disclose, and update periodi-
13 cally, data dictionaries to inform and facilitate researcher
14 data access requests. Such data dictionaries shall include
15 descriptions of significant datasets in the platform’s pos-
16 session relating to content on, or users of, the platform,
17 enforcement of content policy, or advertising, as necessary
18 or appropriate to inform and facilitate researcher data ac-
19 cess requests.

20 (g) PRIVACY, CONFIDENTIALITY, AND PLATFORM IN-
21 TEGRITY.—The Commission shall ensure that any report-
22 ing or disclosures required pursuant to this section do not
23 infringe upon reasonable expectations of personal privacy
24 of users of platforms or of other persons, or require dis-
25 semination of trade secrets. If necessary, the Commission

1 may require withholding of information otherwise required
2 to be disclosed to meet this requirement. The Commission
3 shall further consider the effect of disclosures on risks to
4 platform integrity or the susceptibility of the platform to
5 manipulation or inauthentic behavior, and may limit or re-
6 duce the information required to be disclosed if necessary
7 to address a substantial such risk.

8 (h) VARIATION.—In implementing this section, the
9 Commission may vary the requirements it imposes on plat-
10 forms based on the size of the platform and scope of its
11 services.

12 (i) DEFINITIONS.—In this section:

13 (1) ENGAGEMENT.—The term “engagement”
14 means, with respect to content on a platform, the
15 number of times a user interacts with the content,
16 whether through comments, indications of approval
17 or disapproval (such as likes or dislikes), reshares,
18 or any other form of active interaction.

19 (2) IMPRESSION.—The term “impression”
20 means, with respect to content on a platform, the
21 display or delivery of the content to a user, regard-
22 less of whether the user engages with the content.

23 (3) PREVALENCE OF VIOLATING CONTENT.—
24 The term “prevalence of violating content” means a
25 platform’s estimate of the number of impressions of

1 violating content among its users, regardless of
2 whether the platform ever identifies that particular
3 content as violating.

4 (4) REACH.—The term “reach” means, with re-
5 spect to content on a platform, the number of users
6 to whom the content is displayed or delivered during
7 a particular period, regardless of how many times it
8 is delivered to them.

9 (5) REAL-TIME UNDERSTANDING.—The term
10 “real-time understanding” means an understanding
11 of content on a platform that is up-to-date within
12 less than 24 hours.

13 (6) REASONABLY PUBLIC.—The term “reason-
14 ably public” means information that the author
15 made available in a manner and under such cir-
16 cumstances such that the author does not retain a
17 reasonable expectation of privacy in the information.
18 The fact that a user may need to register or create
19 an account with a platform to view information does
20 not preclude it from being deemed reasonably public.

21 (7) RECOMMENDER OR RANKING ALGORITHM.—
22 The term “recommender or ranking algorithm”
23 means a fully or partially automated system used by
24 a platform to suggest in its online interface specific
25 information to recipients of the service offered by

1 the platform, or to prioritize that information, in-
2 cluding as a result of a search initiated by the re-
3 cipient of the service or otherwise determining the
4 relative order or prominence of information dis-
5 played. This includes any computational process, in-
6 cluding one derived from machine learning or other
7 artificial intelligence techniques, that processes per-
8 sonal information or other data for the purpose of
9 determining the order or manner that a set of infor-
10 mation is provided, recommended to, or withheld
11 from a user of a platform, including the provision of
12 commercial content, the display of social media
13 posts, recommendations of user or group accounts to
14 follow or associate with, or any other method of con-
15 tent selection, amplification, or restriction.

16 **SEC. 11. AUTHORIZATION OF APPROPRIATIONS.**

17 There are authorized to be appropriated to the NSF
18 and the Commission such sums as are necessary to carry
19 out this Act for fiscal year 2022 and each succeeding fiscal
20 year.

21 **SEC. 12. SEVERABILITY.**

22 If any provision of this Act, or the application of such
23 provision to any person or circumstance, is held to be un-
24 constitutional, the remainder of this Act, and the applica-

1 tion of the remaining provisions of this Act, to any person
2 or circumstance, shall not be affected.
